STATEMENT OF NEED

There are more than 5 million Americans with Alzheimer’s disease affecting the lives of 15 million unpaid caregivers. There is an unmet need for medical professionals as well as policymakers to address the issue at an increasing prominence of Alzheimer’s disease in our aging society. The goal of the conference is to improve the diagnostic and therapeutic capability of healthcare providers who care for persons with Alzheimer’s disease and related dementias.

ELEMENTS OF COMPLEXITY

This activity has been designed to change learner competence and focuses on the American Board of Medical Specialties areas of medical knowledge, and patient care and procedural skills. This activity also focuses on the interprofessional competencies of roles/responsibilities and teams/teams.

CONFERENCE COMMITTEE

Jake Malmberg, MD, Professor of Medicine, Director, Wisconsin Alzheimer’s Institute, University of Wisconsin School of Medicine and Public Health, Madison, Wisconsin

Carla Garofalo, MD, Associate Professor of Medicine, Associate Director, Wisconsin Alzheimer’s Institute, Madison, WI

Gloria Grady, MD, Associate Professor of Medicine, Alzheimer’s Disease Research Center, University of Wisconsin School of Medicine and Public Health, Madison, WI

Peggye Dilworth-Anderson, PhD, Professor of Health Policy and Management, Village School of Global Public Health, University of North Carolina Chapel Hill, Chapel Hill, North Carolina

Jeffrey Gallad, MD, Assistant Professor of Neurology, University of California, San Francisco, School of Medicine, San Francisco, California

Amy Kirs, PhD, MD, Associate Professor of Geriatrics, University of North Carolina School of Medicine, Chapel Hill, North Carolina

Mary Sano, PhD, Associate Dean for Clinical Research, Professor of Psychiatry and Director, Alzheimer’s Disease Research Center, Icahn School of Medicine at Mount Sinai, New York, New York

POLICY ON FACULTY AND SPONSOR DISCLOSURE

It is the policy of the University of Wisconsin-Madison Interprofessional Continuing Education Partnership (ICP) that the faculty, planners, and other persons who may influence content of the CI activity disclose all relevant financial relationships with commercial interests in order to allow CI staff to identify and resolve any potential conflicts of interest. Faculty must also disclose any planned discussion of off-label/off-usage uses of drugs or devices during their presentations. Detailed disclosures will be made available in the activity handout materials.

ABOUT THE WISCONSIN ALZHEIMER’S INSTITUTE (WAI)

• A unique resource within the University of Wisconsin School of Medicine and Public Health offering education, outreach and research throughout the state of Wisconsin.

• Dedicated to making a difference in the lives of people and families affected by Alzheimer’s disease.

• WAI home to the Wisconsin Registry for Alzheimer’s Prevention (WRAP) study known for its potential to advance understanding of risk and protective factors associated with Alzheimer’s disease.

• Committed to serving those in need through a unique network of WAI-affiliated dementia diagnostic clinics, public and professional education opportunities and public advocacy with a focus on underserved and underrepresented communities.

• Wisconsin Alzheimer’s Institute (WAI) is a University of Wisconsin-Madison affiliate organization.

NOVEMBER 2 & 3, 2017  THE MADISON CONCOURSE HOTEL

WAI.wisc.edu
TARGET AUDIENCE
This program is intended for primary care physicians, psychologists, nurses, nurse practitioners, physician assistants, medical residents, and other health professionals who diagnose, treat, and manage Alzheimer’s disease and related disorders in diverse populations.

OBJECTIVES
THURSDAY, NOVEMBER 2, 2017 - APPLIED SKILLS IN DEMENTIA CARE
- Discuss changes in clinical diagnosis including worsening conditions that mimic dementia and factors that may influence cognitive decline.
- Review the approach for behavioral and psychological symptoms of dementia (BPSD) of Alzheimer’s disease.
- Describe treatment options and improve decisions about dementia care.
- Describe assessment methods and neuropsychological impairments observed in Alzheimer’s disease and other dementias.
- Discuss changes in clinical diagnosis including worsening conditions that mimic dementia and factors that may influence cognitive decline.
- Review the approach for behavioral and psychological symptoms of dementia (BPSD) of Alzheimer’s disease.
- Describe treatment options and improve decisions about dementia care.
- Describe assessment methods and neuropsychological impairments observed in Alzheimer’s disease and other dementias.
- Discuss changes in clinical diagnosis including worsening conditions that mimic dementia and factors that may influence cognitive decline.
- Review the approach for behavioral and psychological symptoms of dementia (BPSD) of Alzheimer’s disease.
- Describe treatment options and improve decisions about dementia care.
- Describe assessment methods and neuropsychological impairments observed in Alzheimer’s disease and other dementias.

CONFERENCE LOCATION AND ACCOMMODATIONS
All cancellations must be received by October 27, 2017 to receive a refund. No refunds will be honored for no shows.

Alzheimer’s Disease Diagnosis and Management:
- Hotel in Madison OR attend a live webcast at University of Wisconsin-Superior in Superior.
